RE: Survey visit for full accreditation on February 26-March 1, 2017

Dear President Robbins:

The purpose of this letter is to inform you of the decisions made by the Liaison Committee on Medical Education (LCME) at its June 7-9, 2017 meeting regarding the accreditation status of the medical education program leading to the MD degree at The University of Arizona College of Medicine – Phoenix and to transmit to you the determinations regarding compliance with accreditation standards and performance in elements on which the decisions were based. Enclosed with this letter is the report of the LCME survey team that conducted a survey visit for full accreditation on February 26-March 1, 2017.

After reviewing the survey report and survey team findings, the LCME voted as follows:

<table>
<thead>
<tr>
<th>LCME Determination</th>
<th>Grant full accreditation of the medical education program for a five-year term</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required Follow-Up</td>
<td>Status report due by August 15, 2018</td>
</tr>
<tr>
<td>Next Full Survey Visit</td>
<td>2021-22 academic year</td>
</tr>
</tbody>
</table>

The Medical School Directory on the LCME website, lcme.org/directory, has been updated to reflect this change in accreditation status and next full survey date.

Section I of this letter summarizes the medical education program’s compliance with each of the 12 LCME standards based on the program’s performance in the elements that collectively constitute each standard. Sections II and III of this letter summarize the LCME’s findings for accreditation elements requiring follow-up. Section IV of this letter summarizes the required follow-up. Section V of this letter contains additional information important for the medical education program.
