Dear Dr. Hong:

It is my pleasure to confirm that the documentation you submitted to the University Review Committee for a review of your university's Teachers of the Visually Impaired program has been carefully reviewed, and we are pleased to tell you that the University of Arizona has been fully approved as meeting the AER Standards for University Personnel Preparation Programs. Full program approval has been granted as of the date of this document and will continue for five years assuming no major changes in the programs are noted in annual follow-ups.

It will be necessary for you to prepare and submit an update on your status every year during the period of your approval. Please note that the first update will be due on July 1, 2016. Information describing the annual periodic review will be provided to you following this letter.

Congratulations on maintaining a fine quality program that meets AER's high standards.

Sincerely,
