Dr. Liesl Folks  
Senior Vice President for Academic Affairs and Provost  
University of Arizona  
Office of the Provost  
PO Box 210066  
Tucson, AZ 85721-0066

Dear Dr. Folks,

After careful examination of the University of Arizona's Ecology, Management, and Restoration of Rangelands Program in the School of Natural Resources and the Environment, the Society for Range Management (SRM) Board of Directors accredited the University of Arizona for a period of 10 years (2020-2030). SRM is honored to have the University of Arizona as part of its portfolio of accredited Universities.

As per the SRM Accreditation Handbook, the University of Arizona will be expected to complete an Annual Substantive Change report starting in the fall 2021, and to remit the Annual Accreditation Fee of \$300. Procedures and schedules are found in the Handbook.

It has been a distinct pleasure to work with your outstanding faculty, staff, students, and alumni and we look forward to continued excellence in the Ecology, Management, and Restoration of Rangelands program at the University of Arizona.

Sincerely,

Jess Peterson  
Executive Vice President
