Dear Dr. Miesfeld,

In response to your department’s request, this letter verifies that the chemistry program at University of Arizona is approved by the American Chemical Society. Please note that ACS’s approval is not granted for any specified range of time.

If you need further clarification, please do not hesitate to contact me.

Sincerely,

Cathy A. Nelson
Secretary
Committee on Professional Training

8 March 2017
ACS Approval Program for Bachelor’s Degree Programs

About the ACS Approval Program

ACS promotes excellence in chemistry education for undergraduate students through approval of baccalaureate chemistry programs. ACS-approved programs offer a broad-based and rigorous chemistry education that gives students intellectual, experimental, and communication skills to become effective scientific professionals.

- ACS Guidelines for Bachelor’s Degree Programs
- Apply for Approval
- Maintain Approval
- Supplements to the ACS Guidelines
- Find an ACS-approved program
- International Involvement in Chemistry Education

Benefits of an Approved Program

Office of Professional Training
Day-to-day operations of CPT and the ACS Approval Program are administered by:

- Cathy A. Nelson, Assistant Director and Secretary of CPT
- Darrell A. Alexander, Lead Education Associate/Budget Analyst
- Giacomo Abrusci, Senior Education Associate
- Deryck T. Hendricks, Senior Education Associate
- Houston D. Kimrey, III, Education Associate

ACS-Approved Programs
